Printable Measuring Tape

What you need

- A printer
- Scissors
- Clear tape
- A friend or relative that helps you measure would be great!

How to assemble the measuring tape

1. Print the measuring tape
2. Cut along doted lines
3. Use the clear tape (better than glue) to attach the pieces in order
4. Use a ruler to check the accuracy of the tape. It's important that you follow the printing instructions in order to print the tape in real size. After you check it the measuring tape is ready to use.

IMPORTANT: How to print it in REAL SIZE

Depending on your version of Acrobat Reader, be sure either "Fit to page" or"Shrink oversized pages to paper size" is *NOT checked* in the Print dialog box.

Use the option "Actual Size".
